FRIGHT

I was so FRIGHTENED that I started screaming.

It was the most FRIGHTENING experience I have ever had.

heartbroken

I was surprised by this ending.

The new Collocini film is quite exciting.

The character isn't interesting.

This movie was (tired) **tiring**. I (don't) **won't rewatch** (return) it.

The ending of the film was sad so I was quite depressed.

The film's ending is really confusing because I **nodded off**.

He was really annoyed because he (felt) **dropped** the phone.
